

Comfort Line

Range :

Available in 5 sizes and 12 models

- I model
- Y model
- H model
- U model
- LI model
- LY model

Range of use :

Heating capacity: 1 to 12 kW

Cooling capacity : 0.6 to 9 kW

Use :

The Comfort Line ducted units are designed for installation in ceiling voids to heat and cool spaces in large businesses, hotels and healthcare facilities. Not only does it combine the economic benefits of installing and running the centralized production of hot and chilled water, it also allows individual temperature control in all rooms.
